PROFESSIONAL SUMMARY

ACCA Part-Qualified (9/13, including Financial Management, Financial Reporting and Audit and Assurance) finance professional. Junior Auditor at Vedas Vision Accounting and Auditing LLC, Dubai, analysing IFRS financial statements across a 20+ client portfolio including a group with combined financials exceeding AED 7 billion. Alongside the role: a twenty-project investment-banking portfolio in Excel (DCF, comps, merger, LBO, IPO, NAV, restructuring and fairness-opinion models on public filings), a six-project quantitative-finance track in Python, and a goAML batch-filing tool used at work.

EXPERIENCE

Vedas Vision Accounting and Auditing LLC — Junior Auditor

Dubai, UAE · Apr 2026 – Present

- Analyse IFRS financial statements at scale across 20+ gold and precious metals (DPMS) sector clients — including a client group with combined financial statements exceeding AED 7 billion — performing audit testing and sampling procedures reviewed and signed off by senior auditors.
- Support VAT and corporate tax compliance for 7–10 clients by reconciling VAT figures and schedules and gathering supporting documentation, in line with UAE Federal Tax Authority (FTA) requirements and UAE Corporate Tax Law.
- Built a goAML batch-filing tool that prepares and validates 800–1,000 compliance reports in about five minutes, replacing most of a working day of manual filing.

Helios Perfumes — Internal Auditor (On-Site)

Ras Al Khaimah, UAE · Dec 2025 – Jan 2026

- Uncovered a 2% inventory-accuracy discrepancy rate previously undetected by existing controls, through a full physical stock count across 3 warehouses reconciled against system records; diagnosed the root cause by testing over 15% of receiving notes against procurement records and reported corrective actions.

Sales Neuron — Business Development Executive

Dubai, UAE · Sep 2025 – Oct 2025

- Increased qualified leads 35% by researching and profiling a pipeline of 400+ prospective B2B clients and prioritising high-fit targets through structured market analysis; contributed 15% territory revenue growth.

CRY Foundation (Child Rights and You) — Finance Intern (Remote)

Bangalore, India · Jun 2024 – Aug 2024

- Supported resource-allocation decisions across 5+ NGO programs (combined budget INR 500,000) through budget tracking and spend-versus-collections analysis that identified the most sustainable program types and peak donation periods.

PROJECTS (SELF-BUILT, PUBLIC ON GITHUB)

Built independently outside work, on public data only, to show how I think about valuation and risk and because I enjoy building with code. Each project is reproducible from its repository.

Investment-Banking Portfolio — 20 models on public filings

github.com/jainammehta1215/ib-portfolio

- Three-statement, DCF, trading and precedent comps, merger accretion/dilution, LBO, IPO rebuild, bank/developer/energy NAV, sum-of-the-parts, debt capacity, quality of earnings, restructuring waterfall and a fairness-opinion replication from a DEFM14A — across US, Indian and Gulf companies (Apple, TCS, Reliance, Aramco, Emirates NBD, Emaar, HDFC Bank, Kellanova/Mars, Dubai World).
- Every workbook has live formulas and a checks sheet that must read MODEL OK; each project ships a PDF, a notes page stating the result and its limits, and a Python build script that pulls the data and regenerates the model.

Asset-Allocation Track — 6 Python projects

github.com/jainammehta1215/asset-allocation-track

- Risk decomposition, Fama-French factor models with Newey-West errors, portfolio optimisation (Markowitz, Ledoit-Wolf, Black-Litterman) in a 15-year cost-aware walk-forward, risk parity and HRP, macro recession nowcasting with real-time vintages, yield-curve construction and immunisation; 68 offline tests, executed notebooks, findings reported whether or not they flattered the method.

EDUCATION & PROFESSIONAL QUALIFICATION

ACCA — Part-Qualified (9 of 13 papers). All nine Applied Knowledge and Applied Skills papers complete, including Financial Management, Performance Management, Financial Reporting, Audit and Assurance and Taxation.

BBA, Finance & Accounting — Center for Management Studies, Jain (Deemed-to-be) University, Bangalore · Aug 2022 – May 2025.

CERTIFICATIONS, PROGRAMS & ACHIEVEMENTS

J.P. Morgan Investment Banking Virtual Job Simulation (Forage), Jan 2026 — DCF valuation model with competitor-bid and supply-chain-disruption scenarios; client-facing company profile and auction-process summary.

Strategy & Game Theory — IIM Ahmedabad, 90.93% · **Introduction to Business Analysis** — IBM, 93.33% · **National finalist** — business case-study and finance quiz competitions.
